Picture of the Day

# EARTH / MOON

Solar storm in May generates new van Allen belt Now there's an app for THAT! At the intersection of the old and the new The ISS is absolutely very cold!

#### **SOLAR SYSTEM**

<u>Images of the Moon occulting Saturn</u>
<u>Perseverance rover begins a new stage in its journey on Mars</u>
<u>Asteroid Psyche rusting? - That's a bummer!</u>

#### **MILKY WAY**

Another stunning image from Webb

#### THE UNIVERSE

# **COSMOLOGY**

It make time to understand this

# DARK SKY PRESERVATION

Will the stars disappear for most of us?

# **OTHER TOPICS**

Major milestone in renewable energy

# **TODAY'S HUMOR**
